## Web Programming

### Fall 2018

### **Assignment 1: HTML and CSS**

**Due Date: Sept. 30, 2018 11:59 pm**

Create 3 web pages about sports or art figures you like. Find pictures and basic information about the figures.

- Make sure the code is arranged properly and cleanly.
- Make sure the pages have some kind of common theme/topic, not just random stuff!
- Use anchor tag (links) to navigate between pages.

***Requirements: the web pages must contain the following:***

- 1) *Basic html elements*: html, head, body, etc.
- 2) *Background*: set the background color or a background image (use CSS file to set that tag)
- 3) *Font*: showing different types of fonts and different font colors and sizes. (use CSS file to set that option)
- 4) *Headings*: any page should have at least **TWO** different headings of different types. The main heading should be aligned to the center of the page.
- 5) *Images*:
  - a) Use a maximum of 5 images for all of the web pages.
  - b) save the images in a subdirectory named images
  - c) Use image1.jpg, image2.jpg ... images5.jpg to name the images.
  - d) For the first 3 images, align one the left, one centered and one to the right.
  - e) Resize the images to match the context of the page.

- f) Clicking on the image in the second page should takes you to the third web page.
- 6) *Links*: have at least **THREE** links on your pages. (Use the CSS file to change the link's color base on the current status. i.e. visited, active, unvisited)
- 7) *Lists*: at least use one order and one unordered list in the web pages.

## Deliverables

- The assignment should be submitted by the due date using the Blackboard drop box.
- The files should be submitted in html and css format. (Three HTML and one css files)
- Don't submit any images or folders.
